

Volunteer Team

February Tidy-Up

In between the rainy weather in February, members of the Volunteer Team spent time clearing the winter leaves from the path on the A6, just outside of the old gates to the Care Home.

This widened the path for walkers and cyclists along this stretch of the A6, which will help prevent slips from these users.

Some overhanging branches were also trimmed back for safety reasons, leaving this area tidy and a more pleasant approach to the village. Due to the amount of trees along this stretch of road, there were a great deal of leaves to be removed.

New volunteers are always welcome to join the team. For more information, speak to any of the team members, or if you wish to join the team, complete an application form available from the Parish Council Clerk:
